

YORKSWOOD PRIMARY SCHOOL BEHAVIOUR STATEMENT

(To be considered alongside the more extensive whole school policy for behaviour)

It is the aim of our approach to behaviour to provide all children and adults with a safe and productive environment.

Our primary approach to behaviour modification is the use of positive reinforcement.

Where required, there are sanctions for poor behaviour.

As part of this overall approach we aim to;

- I. have a consistent approach to behaviour throughout the school and share this with parents and governors.
- II. provide a calm, positive environment in which teachers can teach and children can learn.
- III. encourage caring attitudes towards all individuals in school.
- IV. enable children to develop self discipline and respect for people and property.
- V. provide clear boundaries and role models of acceptable behaviour to ensure the safety and well being of everyone in school.
